

WHERE TAILS WAG!

At Wood Residential Services, we LOVE animals. Our goal is to make your pet's living experience just as special as its human's living experience. Every one of our properties has its very own pet program customized to their community. Plus, we've consulted our Director of Barking, Milo, and all of his furry friends, and they gave us some more ideas on how to share some Pet Love.

- Pet treats or Bark Bar in the lobby*
- Pet water bowls in lobbies and pet waste stations around the community
- Courtesy bags for walking your pups
- Pet-friendly move-in gifts
- Regular pet events and socials
- Great proximity to excellent veterinarians and pet shops
- Many of our teams are bilingual in pet baby-talk
- Pet Bark Parks and Central Barks*
- Pet meet-ups and fun areas for walking pups

*Only at Participating WRS Communities
